

ENVIRONMENT POLICY STATEMENT

January 2012

1.0 General Policy Statement

In the conduct of its business throughout the UK, Parkway Construction (MK) Limited commits itself to the protection of the environment and to the health and safety of its employees, customers and the public at large.

2.0 Objectives

In addition to full compliance with all relevant environmental law and statutory provisions, the objectives of the Policy are :-

- 2.1 To devise and implement suitable environmental policies.
- 2.2 To minimise the environmental impact of the Company's operations in areas such as pollution of the aqueous environment, emissions to the atmosphere and noise, and to encourage the conservation of resources.
- 2.3 To participate where requested with the appropriate authorities, trade and industry associations and other relevant bodies in the development of new legislation and standards.
- 2.4 To ensure that when new construction activities are being considered the environmental implications are taken into account at the initial stage.
- 2.5 To work closely with clients, designers and professionals to ensure that environmental concerns are considered and addressed at the earliest possible opportunity within the design of the project, so as to be proactive and not reactive.
- 2.6 To set and review environmental objectives and targets to maintain continual environmental improvement.
- 2.7 To control, record, monitor and reduce the consumption of raw materials and the quantity of waste generated on site wherever possible.
- 2.8 To promote the use of recycled materials whenever appropriate.
- 2.9 To seek to ensure that all construction activities are executed in a manner which safeguards the environment and that all employees, sub-contractors and suppliers co-operate with the company to fulfil its responsibilities.

- 2.10 To review the application of the policy in the light of new knowledge, changing legislation and current public concerns, and at least on an annual basis.
- 2.11 To provide materials, resources together with the appropriate personnel to implement the requirements of this policy.
- 2.12 To monitor environmental awareness of all employees through effective education and training.

3.0 Responsibility

- 3.1 The responsibility for determining the Policy with regard to environmental matters, and for monitoring the adherence to it, rests with the Directors of Parkway Construction MK Limited.
- 3.2 It will be the Construction Directors responsibility to communicate the Policy to each employee, all contractors and sub-contractors and to make it freely available to customers, the general public and any other interested parties.
- 3.3 It will be the Site Teams responsibility to ensure that everyone working on our sites understands and fully adheres with the company's environmental objectives, practices and procedures.
- 3.4 This Company Environmental Policy will be displayed prominently at each site and workplace.
